### **7510 USE OF FACILITY**

The district facilities belong to the community, which paid for them for the primary purpose of offering a full educational program for its children. Prudent use and management of school facilities outside of the regular operating schedules – providing that such use does not interfere with the orderly conduct of a thorough and efficient system of education – allows the community to benefit more broadly from the use of its own property.

The Board will permit the use of school facilities when such permission had been requested in writing and has been approved by the Superintendent for:

- A. Uses and groups directly related to the school and the operations of the school;
- B. Uses and organizations indirectly related to the school;
- C. Departments or agencies of the municipal government;
- D. Other governmental agencies;
- E. Community organizations formed for charitable, civic, athletic or educational purposes.

The use of school facilities shall not be granted for the advantage of any commercial or profit-making organization, private social function, or any purpose which is prohibited by law.

In the event the Superintendent deems it advisable, any application may be submitted to the Board of Education for action. The Board will reserve the right to assess the user for all costs if additional maintenance and/or supervision is required.

The Superintendent or Board of Education may refuse to grant the use of a school building whenever in their judgment there is good reason why permission should be refused. They shall not be required to give reason for such refusal.

# POLICY

# RUNNEMEDE BOARD OF EDUCATION

Smoking is prohibited at all times in any district building. No one may bring alcohol beverages onto any school property. All facility use shall comply with state and local fire, health, safety and police regulations.

The buildings shall not be available for community use during holidays, vacation periods or during the time school is not in session over the summer when the programs interfere with cleaning and maintenance schedules.

Use of school equipment in conjunction with the use of school facilities must be specifically requested in writing and may be granted by the procedure by which permission to use facilities is granted. The user of school equipment must accept liability for any damage to or loss of such equipment that occurs while it is in use. Where rules so specify, no item of equipment may be used except by a qualified operator.

Use of district equipment on the premises by non-school personnel is limited to the equipment that is an integral part of the facility being use, (i.e., state lights and piano in the auditorium, basketball baskets in the gym). No district equipment shall be removed from the premises for use by non-district personnel.

The Board shall require that all users of school facilities comply with policies of this Board and the rules and regulations of this district. Each user shall present evidence of the purchase or organizational liability insurance to the limit prescribed by such rules.

Authorization for use of school facilities shall not be considered as endorsement of or approval of the activity, person, group or organization not the purposes they represent.

Use of elementary school playgrounds will be off limits to the public from dusk to dawn. In the interest of public safety and security the Runnemede Policy Department will enforce this regulation.

**The school district shall provide a copy of Policy and Regulation 2431.4 – Prevention and Treatment of Sports-Related Concussions and Head Injuries to all youth sports team organizations that operate on school grounds or in school facilities. In accordance with the provisions of N.J.S.A. 18A:40-41.5, the school district shall not be liable for the injury or death of a person due to the action or inaction of persons employed by, or under contract with, a youth sports team organization that uses school facilities or operates on school grounds if the youth sports team organization provides the school district proof of an insurance policy in the amount of not less than \$50,000 per person, per occurrence; insuring the youth sports team organization against liability for any bodily injury suffered by a person. The youth sports team organization must also provide a statement of**

**compliance with the school district's Policy and Regulation 2431.4 - Prevention and Treatment of Sports-Related Concussions and Head Injuries.**

**For the purpose of this Policy, a "youth sports team organization" means one or more sports teams organized pursuant to a nonprofit or similar charter or which are member teams in a league organized by or affiliated with a county or municipal recreation department.**

**The Superintendent shall develop regulations for the use of school facilities; such regulations shall be distributed to every user of the facilities and every applicant for the use of school facilities. Permission to use school facilities shall be granted only to persons and organizations that agree to the terms of Policy and Regulation 7510, the requirements as outlined in the use of school facilities application, and in accordance with the terms outlined in the approval granted by the school district.**
